Title: **COMPOSITION, PROCESS OF
MAKING, AND MEDICAL USE OF
SUBSTITUTED 4-PHENYLTETRA-
HYDROISOQUINOLINES**

SUPPLEMENTAL AMENDMENT AND RESPONSE

PURSUANT TO 37 C.F.R. §1.111

Honorable Commissioner of Patents and Trademarks
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir :

This amendment and response is being filed herewith pursuant to an office action that was mailed to Applicants' Attorney on September 8, 2006. Said action had a shortened statutory period for response of three (3) months resulting in an original due date for response of December 8, 2006. This amendment and response was originally timely filed on December 4, 2006. Amendments to the claims however, were not properly submitted according to the Rules with respect to the inclusion of line-throughs and brackets of deleted limitations and/or the underlining of added matter. After a telephone conference between the under-signed Attorney and Examiner Davis on 12/5/06, in order to correct these informal errors in amendment presentation, the undersigned was advised to cancel the original/amended claims 1-15 and re-submit them in this supplemental amendment as new claims 16-28, claims 14 and 15 having been cancelled. The new claims 16-30 can be found on the following pages 2 – 28 with associated remarks on the pages that follow, i.e., 29 – 34.
